Mafuj ahmed bishal

Intern Frontend Developer

I am always eager to learn new technologies and I am always up for a challenge. I am confident that I can quickly learn and adapt to new technologies. Currently working on my university final year project as a frontend developer using Angular. As a self-motivated learner and I am always looking for new ways to improve my skills. I am confident and passionate about frontend development and looking for a challenging opportunity so that i can learn and build a healthy career on web development.
